Specification Summary

Brand	Yale
Product type	Key Cabinet

Product Description

The Yale SKB000NFP 3-Digit Combination Key Cabinet is a compact and secure key storage solution, ideal for residential or light commercial environments. Designed to hold up to 20 keys, this robust cabinet is constructed from high-quality steel to provide reliable protection and durability.

Secured by a user-resettable 3-wheel combination lock, this cabinet eliminates the need for a physical key, making it easy to grant access to multiple authorised users. To help you stay organised, the cabinet includes number tags and labels, making key identification simple and efficient. It is supplied with the necessary wall-mounting fixings, allowing for quick and straightforward installation onto any solid surface.

Whether you are managing keys for a small business, rental property, or simply need a secure organiser for your home, the Yale SKB000NFP offers a practical, keyless solution to keep your keys safe and accessible.

Technical Specifications

- **Brand:** Yale
- **Model Reference:** SKB000NFP
- **Locking Mechanism:** 3-digit resettable combination lock
- **Key Capacity:** 20 hooks
- **Material:** Steel construction
- **Finish:** Black
- **Height:** 200mm
- **Width:** 160mm
- **Depth:** 80mm
- **Weight:** 1.05kg

Brand Profile

Yale

Yale is one of the most recognisable names in locks and home security — the kind of brand that's become so default it's basically a synonym for "lock" in a lot of people's heads. The story starts with **Linus Yale** and the invention/development of the **pin-tumbler** concept that underpins a huge chunk of modern lock design, then scales into mass manufacturing and global distribution through the industrial era.

Today, Yale sits in an interesting split-brain reality:

- **Outside the US & Canada**, **Yale is an ASSA ABLOY brand**, and Yale's own regional "About" pages explicitly state the brand was purchased by ASSA ABLOY in **August 2000**.
- **In the US & Canada**, the **Yale and August** brands were sold off as part of antitrust remedies tied to ASSA ABLOY's Spectrum acquisition; Reuters and The Verge both describe Yale being retained by ASSA ABLOY outside North America, while the US/Canada Yale brand moved to **Fortune Brands Innovations**.

Product-wise, Yale spans the whole spectrum from **classic mechanical cylinders and door hardware** through to **smart locks and connected access** under the Yale Home umbrella. A key modern milestone was ASSA ABLOY's acquisition of **August Home** (completed in **December 2017**), which fed into the broader "smart access" push around app-based entry and connected ecosystems.
