Product type	Key & Turn Euro
Keyway	Yale Superior

TAGS

Is Cylinder

Product Description

The Yale Superior BS TS007 Thumb Turn Anti Snap Euro Cylinder offers high-security protection combined with the everyday convenience of keyless egress. Designed with a thumbturn on the inside, this cylinder allows you to lock and unlock your door from the interior without needing a key, making it ideal for busy households and ensuring a swift exit in an emergency. On the outside, it provides robust, key-operated security to keep intruders out.

This cylinder is TS007 1-Star Kitemarked and Secured by Design approved, offering proven resistance against common attack methods. It features advanced anti-snap, anti-bump, anti-pick, and anti-drill technology, including sacrificial snap lines and a high-precision 12-telescopic pin tumbler system. The lock is supplied with three high-security laser-cut dimple keys and a key card for secure key duplication.

Available in a variety of sizes and finishes, including brass and nickel, to perfectly match your door hardware. Please select your required size and finish from the options below.

Technical Specifications

- **Security Rating:** TS007 1-Star Kitemarked (KM559658)
- **Standard:** Tested to BS EN 1303:2015
- **Approval:** Secured by Design approved
- **Cylinder Type:** Euro profile key and turn (thumbturn)
- **Locking Mechanism:** 12-telescopic pin tumbler system
- **Keys Supplied:** 3 laser-cut dimple keys and key registration card
- **Finishes:** Available in Brass and Nickel (choose from the options below)
- **Sizes:** Multiple split sizes available (choose from the options below)

Key Features

- **Thumbturn Convenience:** Lock and unlock from the inside without a key, providing a quick and safe exit in emergencies.
- **Anti-Snap Protection:** Sacrificial cut lines ensure the cylinder remains secure and functional from the inside even if the external section is snapped.
- **Multi-Defense Security:** Engineered with anti-bump, anti-pick, and anti-drill pins to resist forced entry attempts.
- **High-Security Keys:** Supplied with reversible dimple keys and a key card for secure, authorized duplication.
- **Versatile Application:** Suitable for PVCu, composite, and timber doors.

Brand Profile

Yale

Yale is one of the most recognisable names in locks and home security — the kind of brand that's become so default it's basically a synonym for "lock" in a lot of people's heads. The story starts with **Linus Yale** and the invention/development of the **pin-tumbler** concept that underpins a huge chunk of modern lock design, then scales into mass manufacturing and global distribution through the industrial era.

Today, Yale sits in an interesting split-brain reality:

- **Outside the US & Canada**, **Yale is an ASSA ABLOY brand**, and Yale's own regional "About" pages explicitly state the brand was purchased by ASSA ABLOY in **August 2000**.
- **In the US & Canada**, the **Yale and August** brands were sold off as part of antitrust remedies tied to ASSA ABLOY's Spectrum acquisition; Reuters and The Verge both describe Yale being retained by ASSA ABLOY outside North America, while the US/Canada Yale brand moved to **Fortune Brands Innovations** .

Product-wise, Yale spans the whole spectrum from **classic mechanical cylinders and door hardware** through to **smart locks and connected access** under the Yale Home umbrella. A key modern milestone was ASSA ABLOY's acquisition of **August Home** (completed in **December 2017**), which fed into the broader "smart access" push around app-based entry and connected ecosystems.
