Specification Summary

Brand	Yale
Product type	Long Shackle

Product Description

The Yale YE3B Aluminium Long Shackle Padlock offers reliable, lightweight security with a striking teal finish. Designed primarily for indoor use, this padlock is ideal for securing lockers, toolboxes, and storage cabinets. It features a solid aluminium body paired with a chrome-plated hardened steel shackle, providing robust protection against cutting and sawing.

Equipped with a 5-pin cylinder and a double-locking mechanism, the YE3B ensures enhanced resistance against picking and physical attacks. For convenience, it features a snap-locking shackle that allows you to lock the padlock without using the key. It has been rigorously tested to 10,000 opening and closing cycles and up to 48 hours for corrosion resistance, ensuring long-lasting durability and smooth operation.

This padlock is supplied keyed alike, making it perfect for multi-lock setups where you want to open multiple locks with a single key. It comes complete with three keys.

Technical Specifications

- **Brand:** Yale
- **Manufacturer Reference:** YE3B/38/156/1/TE
- **Body Width:** 38mm

- **Body Material:** Aluminium
- **Shackle Material:** Chrome-plated hardened steel
- **Shackle Type:** Long shackle
- **Finish:** Teal
- **Cylinder:** 5-pin
- **Keying:** Keyed Alike
- **Keys Supplied:** 3
- **Weight:** 110g

Key Features

- **Durable Aluminium Body:** Solid aluminium construction with a protective teal finish for easy identification.
- **Long Shackle Design:** Provides extra clearance for versatile locking applications.
- **Hardened Steel Shackle:** Resists cutting and sawing attacks.
- **Double Locking:** Offers enhanced security against physical attacks.
- **Snap Locking:** Convenient keyless locking by simply pushing the shackle down.
- **Rigorous Testing:** Tested to 10,000 cycles for durability and up to 48 hours for corrosion resistance.
- **Keyed Alike Convenience:** Supplied keyed alike, allowing multiple locks to be opened with the same key.

Brand Profile

Yale

Yale is one of the most recognisable names in locks and home security — the kind of brand that's become so default it's basically a synonym for "lock" in a lot of people's heads. The story starts with **Linus Yale** and the invention/development of the **pin-tumbler** concept that underpins a huge chunk of modern lock design, then scales into mass manufacturing and global distribution through the industrial era.

Today, Yale sits in an interesting split-brain reality:

- **Outside the US & Canada**, **Yale is an ASSA ABLOY brand**, and Yale's own regional "About" pages explicitly state the brand was purchased by ASSA ABLOY in **August 2000**.
- **In the US & Canada**, the **Yale and August** brands were sold off as part of antitrust remedies tied to ASSA ABLOY's Spectrum acquisition; Reuters and The Verge both describe Yale being retained by ASSA ABLOY outside North America, while the US/Canada Yale brand moved to **Fortune Brands Innovations**.

Product-wise, Yale spans the whole spectrum from **classic mechanical cylinders and door hardware** through to **smart locks and connected access** under the Yale Home umbrella. A key modern milestone was ASSA ABLOY's acquisition of **August Home** (completed in **December 2017**), which fed into the broader "smart access" push around app-based entry and connected ecosystems.
