**Specification Summary**

Brand	Abus
Product type	Hasp & Staple

**Product Description**

The ABUS 200 Series Hasp & Staple is a robust, general-purpose security solution designed for doors closing flush (where the door leaf and frame are level). Ideal for securing garden sheds, gates, garages, and outbuildings, this steel hasp and staple offers basic security to deter opportunist thieves.

Constructed from tough steel with a hardened steel staple and concealed hinge pins, it provides reliable resistance against physical attacks. The hasp features a corrosion-protected finish, making it suitable for both indoor and outdoor applications. To prevent tampering, all mounting screws are hidden once the hasp is closed.

This product is available in a range of widths from 75mm to 155mm, heights from 29mm to 47mm, and shackle clearances of either 10mm or 14mm. It is also supplied in either bagged or carded (Visi) packaging, with carded versions including fixing screws. Please select your preferred size, packaging, and specification options from the selection below.

## Technical Specifications

- **Brand:** Abus
- **Material:** Steel construction with hardened steel staple
- **Width:** Available in widths ranging from 75mm to 15.5cm (155mm) (please choose from the options below)
- **Height:** Available in heights ranging from 29mm to 47mm (please choose from the options below)
- **Shackle Diameter / Horizontal Clearance:** 10mm or 14mm options (please choose from the options below)
- **Packaging:** Bagged or Visi (carded) options (please choose from the options below)
- **Weight:** Ranging from 57g to 259g depending on the selected variant

## Key Features

- **Flush Door Design:** Specifically designed for doors closing flush where the door leaf and frame are level
- **Concealed Hinge Pins:** Resists physical attacks and tampering
- **Hidden Screws:** Mounting screws are completely concealed when the hasp is closed to deter opportunist thieves (screws supplied with carded/Visi versions)
- **Corrosion Protection:** Weather-resistant finish ensures durable security for both indoor and outdoor use
- **Versatile Security:** Ideal for securing gates, sheds, garages, and other low-to-medium security applications

## Brand Profile

Abus

Security Tech Germany

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and “preventative” security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called “**Iron Rock**,” and the business expanded from there into a broad security portfolio.

Today, ABUS’s headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security, alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you’ll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the “German engineering, don’t mess about” identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
