Product Description

The ABUS 24IB Series Stainless Steel Diskus Padlock is a marine-grade security solution designed to provide ultimate protection in harsh, corrosive environments. Made in Germany, this padlock features a 100% rust-free construction with a high-quality stainless steel shackle, body, and internal components.

Its iconic 360° Diskus design offers exceptional resistance to physical attacks, particularly forcing and cutting, by leaving only a tiny portion of the shackle exposed. For added security, it incorporates an anti-cut plate and a precision pin tumbler cylinder with anti-pick mushroom pins. A fitted anti-dust cap protects the cylinder from dirt and moisture, ensuring smooth operation even in coastal or outdoor conditions.

This padlock is available in multiple body widths (60mm or 71mm), shackle diameters (8mm or 10mm), and keying options (Keyed Alike or Keyed To Differ). Please choose your preferred size, clearance, and keying configuration from the options below.

Technical Specifications

- **Body Width:** 60mm or 71mm (please choose from the options below)
- **Body Height:** 60mm or 71mm (please choose from the options below)
- **Body Depth:** 26mm or 31mm (please choose from the options below)
- **Shackle Diameter:** 8mm or 10mm (please choose from the options below)
- **Horizontal Clearance:** 17.5mm or 19.5mm (please choose from the options below)
- **Vertical Clearance:** 13mm or 17mm (please choose from the options below)
- **Shackle Finish:** Stainless Steel
- **Keying Options:** Keyed Alike or Keyed To Differ (please choose from the options below)
- **Key Retaining:** Yes
- **Keys Supplied:** 2 keys
- **Weather Resistant:** Yes (marine grade)
- **Weight:** 208g to 321g (please choose from the options below)

Key Features

- **Rust-Free Security:** 100% rust-free construction with stainless steel shackle, case, and internal parts designed for marine environments
- **360° Diskus® Design:** Iconic shape protects against common forcing methods by leaving minimal shackle exposed
- **Deep Weld Technology:** Diskus deep welding provides maximum case strength and durability
- **Anti-Cut Protection:** Integrated anti-cut plate offers genuine all-round protection
- **Anti-Pick Cylinder:** Precision pin tumbler cylinder with anti-pick mushroom pins
- **Weather Protection:** Fitted anti-dust cap protects the cylinder from dirt and moisture damage
- **Key Retaining:** Key retaining feature ensures the lock is securely closed before the key can be removed

Brand Profile

Abus

Security Tech Germany

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and “preventative” security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called “**Iron Rock**,” and the business expanded from there into a broad security portfolio.

Today, ABUS’s headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security, alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you’ll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the “German engineering, don’t mess about” identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
