Specification Summary

Brand	Abus
Product type	Discus

Product Description

The ABUS 28 Series Diskus Padlock is a high-quality, German-made security solution designed to provide reliable 360° lock protection. Featuring a robust stainless steel case and a hardened steel alloy shackle, this padlock offers excellent resistance against physical attacks and corrosion. It is ideal for securing gates, doors, cupboards, cellars, and outbuildings.

This padlock is equipped with a precision pin tumbler cylinder featuring anti-pick mushroom pins to resist tampering. For added security and convenience, the lock is key-retaining, meaning the key cannot be removed while the padlock is open, ensuring it is never left unlocked by accident.

The ABUS 28 Series is highly versatile and available in multiple configurations. You can choose from body widths of 60mm or 71mm, shackle diameters of 8mm or 10mm, and either Keyed Alike (with specific key suites) or Keyed To Differ options. Please select your preferred size, keying configuration, and packaging type from the options below.

Technical Specifications

- **Brand:** ABUS
- **Body Width:** 60mm or 71mm (please choose from the options below)

- **Body Height:** 60mm or 71mm (please choose from the options below)
- **Body Depth:** 26mm or 31mm (please choose from the options below)
- **Shackle Diameter:** 8mm or 10mm (please choose from the options below)
- **Horizontal Clearance:** 17.5mm or 19.5mm (please choose from the options below)
- **Vertical Clearance:** 13mm or 17mm (please choose from the options below)
- **Shackle Material:** Hardened steel
- **Body Material:** Stainless steel
- **Keying Options:** Keyed Alike or Keyed To Differ (please choose from the options below)
- **Keys Supplied:** 2 keys per lock
- **Key Retaining:** Yes
- **Packaging:** Boxed or Visi-packed (please choose from the options below)

Key Features

- **360° Protection:** Original Diskus design offers comprehensive protection against common forced entry methods.
- **Deep Weld Technology:** Hand-welded seam provides maximum case strength and tamper resistance.
- **Anti-Pick Cylinder:** Precision pin tumbler cylinder with anti-pick mushroom pins resists picking attacks.
- **Key Retaining:** The lock retains the key when open, ensuring it cannot be left unlocked accidentally.
- **German Engineering:** Manufactured in Germany to high quality and durability standards.
- **Corrosion Resistant:** Stainless steel construction makes it suitable for both indoor and outdoor security applications.

Brand Profile

Abus

Security Tech Germany

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and “preventative” security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called “**Iron Rock**,” and the business expanded from there into a broad security portfolio.

Today, ABUS's headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security, alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you'll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the “German engineering, don't mess about” identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
