Brand Abus

Product type Laminated

Product Description

The ABUS 41 Series Eterna Laminated Steel Long Shackle Padlock is designed to offer exceptional weather resistance and reliable medium-level security. Constructed from individually plated laminated steel sections, each laminate is treated with ABUS's innovative ETERNA™ coating. This advanced process provides outstanding protection against corrosion, offering up to 40 years of weather resistance, making it an ideal choice for outdoor applications.

To safeguard against physical attacks, the rivets in the outer laminates are compressed to prevent the rivet heads from being knocked or chipped off. The padlock features a precision pin tumbler cylinder equipped with anti-pick mushroom pins to resist manipulation. For convenient keyless locking, the double-bolted shackle can be locked simply by pushing it down.

These padlocks are available in a variety of sizes and configurations. Please choose from the options below to select your preferred body width (ranging from 44mm to 53mm), shackle diameter (7mm or 9mm), vertical clearance (from 47mm up to 125.5mm), and weight (251g to 464g). Packaging options also include boxed or visual (Visi) packs.

Technical Specifications

- **Body Width:** 44mm or 53mm (please choose from the options below)
- **Body Depth:** 26mm to 29mm (please choose from the options below)
- **Body Height:** 89.5mm to 174mm (please choose from the options below)
- **Shackle Diameter:** 7mm or 9mm (please choose from the options below)
- **Vertical Clearance:** 47mm to 125.5mm (please choose from the options below)
- **Horizontal Clearance:** 18.5mm or 23mm (please choose from the options below)
- **Shackle Material:** Hardened steel / through-hardened steel
- **Cylinder Type:** Precision pin tumbler with anti-pick mushroom pins
- **Key Series:** 12874
- **Silca Card Code:** 500
- **Packaging:** Boxed or Visi (please choose from the options below)
- **Weight:** 251g to 464g (please choose from the options below)

Key Features

- **ETERNA™ Coating:** Individually plated laminated steel sections provide up to 40 years of weather and corrosion protection.
- **Anti-Pick Protection:** Precision pin tumbler cylinder features anti-pick mushroom pins to resist manipulation.
- **Robust Construction:** Compressed outer rivets protect the rivet heads from being chipped or knocked off.
- **Hardened Shackle:** Features a tough hardened steel shackle (through-hardened on models 40mm and above) for enhanced cut resistance.
- **Self-Locking Mechanism:** Convenient keyless locking by simply pushing the shackle down.
- **Versatile Options:** Available in multiple body sizes, shackle clearances, and packaging types to suit your specific security needs.

Brand Profile

Abus

Security Tech Germany

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and “preventative” security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called “**Iron Rock**,” and the business expanded from there into a broad security portfolio.

Today, ABUS’s headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security, alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you’ll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the “German engineering, don’t mess about” identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
