Specification Summary

Brand	Abus
Product type	Open Shackle

Product Description

The ABUS 55 Series Brass Open Shackle Padlock is a highly reliable, classic security solution designed for everyday protection. Featuring a robust solid brass body and non-corrosive internal components, this padlock is built to withstand the elements, making it ideal for securing sheds, gates, lockers, toolboxes, and cabinets.

Its hardened steel shackle provides excellent resistance against hacksaw attacks, while models measuring 30mm and above feature double-bolted locking for enhanced pull and twist resistance. Security is further boosted by a precision pin tumbler cylinder equipped with anti-pick mushroom pins to deter picking attempts. For added convenience, the padlock features a self-locking mechanism, allowing you to lock it simply by pushing down the shackle without needing the key.

This versatile padlock is available in a wide range of sizes, clearances, and keying options, including Keyed Alike (ideal for using one key across multiple locks) and Keyed To Differ. We also offer in-house key cutting if you require additional keys. Please select your preferred body width, shackle clearance, pack quantity, and keying configuration from the options below.

Technical Specifications

- **Body Material:** Solid brass
- **Shackle Material:** Hardened steel
- **Cylinder Type:** Precision pin tumbler with anti-pick mushroom pins
- **Locking Mechanism:** Double bolted (on sizes 30mm and above)
- **Self-Locking:** Yes (push-to-lock shackle)
- **Body Width:** 24mm to 58mm (please choose from the options below)
- **Body Depth:** 10mm to 16mm (please choose from the options below)
- **Shackle Diameter:** 4mm to 8mm (please choose from the options below)
- **Horizontal Clearance:** 12mm to 32mm (please choose from the options below)
- **Vertical Clearance:** 10.5mm to 63mm (please choose from the options below)
- **Keying Options:** Keyed Alike or Keyed To Differ (please choose from the options below)
- **Pack Quantity:** 1 or 2 padlocks (please choose from the options below)
- **Keys Supplied:** 2 keys per lock

Key Features

- **Durable Brass Construction:** Solid brass body and non-corrosive internal components ensure reliable indoor and outdoor performance.
- **Enhanced Shackle Strength:** Double-bolted locking mechanism on sizes 30mm and above increases resistance against pulling and twisting.
- **Hacksaw Protection:** Hardened steel shackle is designed to resist cutting and sawing attacks.
- **Anti-Pick Security:** Precision pin tumbler cylinder features mushroom-headed counter pins to resist lock picking.
- **Convenient Keyless Locking:** Self-locking design allows the padlock to be locked simply by pressing the shackle down.
- **Flexible Keying Options:** Available in Keyed Alike suites for single-key convenience across multiple locks, or Keyed To Differ for individual security.
- **In-House Key Cutting:** Extra keys can be cut in-house to suit your requirements.

Brand Profile

Abus

Security Tech Germany

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and “preventative” security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called “**Iron Rock**,” and the business expanded from there into a broad security portfolio.

Today, ABUS’s headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security, alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you’ll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the “German engineering, don’t mess about” identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
