Requires Cylinder

Product Description

The ABUS 83/70 Rock Series 2 Open Shackle Steel Padlock is an exceptionally robust, high-security padlock designed to protect high-value assets in demanding environments. Constructed with a 70mm hardened steel body and a formidable 15mm hardened steel shackle, this padlock offers rock-solid resistance against physical attacks, including drilling and pulling.

This padlock is supplied as a **body-only** unit (without a cylinder or keys), making it the ideal choice for integrating into existing master key suites or keyed-alike systems. Depending on your security setup, you can choose from versions designed to accept either a 40mm Euro Half Cylinder or a Scandinavian Oval Cylinder.

Please select your preferred configuration from the options below. The weight (ranging from 1.161kg to 1.257kg), manufacturer reference, and barcode will vary depending on the specific variant you choose.

Technical Specifications

- **Body Width:** 70mm

- **Body Depth:** 28mm
- **Height:** 128mm
- **Shackle Diameter:** 15mm
- **Horizontal Clearance:** 29.5mm
- **Vertical Clearance:** 38.5mm
- **Body & Shackle Material:** Hardened Steel
- **Finish:** Silver
- **Security Standard:** CEN Grade 5
- **Keys Supplied:** 0 (Body Only)
- **Cylinder Compatibility:** Options available to suit a 40mm Euro Half Cylinder or a Scandinavian Oval Cylinder (please choose from the options below)
- **Weight:** 1.161kg to 1.257kg (please choose from the options below)
- **Manufacturer Reference:** Multiple options available (please choose from the options below)
- **Barcode:** Multiple options available (please choose from the options below)

Key Features

- **CEN Grade 5 Security:** High-security rating offering excellent protection against forced entry.
- **Hardened Steel Construction:** Heavy-duty body and shackle designed to resist cutting, drilling, and pulling attacks.
- **Body Only Design:** Supplied without a cylinder, allowing seamless integration into existing keying systems.
- **Flexible Compatibility:** Available in variants that accept either a 40mm Euro half cylinder or a Scandinavian oval cylinder.
- **Corrosion Protection:** Shackle features a Nano Protect coating for enhanced resistance against harsh weather conditions.
- **Open Shackle Design:** Provides easy application and versatility for securing chains, gates, and barriers.

Brand Profile

Abus

Security Tech Germany

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and “preventative” security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called “**Iron Rock**,” and the business expanded from there into a broad security portfolio.

Today, ABUS’s headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security, alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you’ll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the “German engineering, don’t mess about” identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
