Specification Summary

Brand Abus

Product type Open Shackle

Product Description

The ABUS Silver Rock™ 5 Open Shackle Padlock range offers reliable security for applications with a medium risk of theft, such as securing gates, lockers, toolboxes, and sheds. This padlock features a heavy zinc body with a stylish brushed stainless steel finish, combined with a distinctive blue branded silicone protective frame to prevent scratching on sensitive surfaces.

Equipped with a double-locking hardened steel shackle, the lock is enhanced with ABUS's Nano Protect™ coating for exceptional corrosion resistance. Inside, a precision 5-pin cylinder with a paracentric keyway provides robust protection against picking and tampering.

This padlock is available in a variety of body widths ranging from 40mm to 55mm, and can be ordered as single units or twin packs. You can also choose between Keyed Alike or Keyed To Differ options, as well as boxed or visual (Visi) packaging. Please select your preferred specifications from the options below.

Technical Specifications

- **Brand:** ABUS
- **Body Width:** 40mm, 45mm, 50mm, or 55mm (please choose from the options below)
- **Vertical Clearance:** 26mm
- **Body Material:** Heavy zinc with a brushed stainless steel effect finish
- **Shackle Material:** Hardened steel with Nano Protect™ coating
- **Cylinder Type:** Precision 5-pin cylinder with paracentric key profile
- **Keying Options:** Keyed Alike or Keyed To Differ (please choose from the options below)
- **Pack Quantity:** Available in packs of 1 or 2 (please choose from the options below)
- **Packaging:** Boxed or Visi (please choose from the options below)
- **Weight:** Ranges from 184g to 766g (please choose from the options below)

Key Features

- **Heavy Zinc Body:** Solid construction with a brushed stainless steel look for durable security.
- **Silicone Protective Frame:** Blue branded bumper protects sensitive surfaces from scratches and impact.
- **Nano Protect™ Shackle:** Hardened steel shackle with double locking mechanism and advanced corrosion protection.
- **Paracentric Keyway:** Precision 5-pin cylinder designed to resist picking and manipulation.
- **Versatile Security:** Ideal for medium-theft-risk applications including gates, doors, lockers, and toolboxes.

Brand Profile

Abus

Security Tech Germany

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and “preventative” security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called “**Iron Rock**,” and the business expanded from there into a broad security portfolio.

Today, ABUS’s headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security, alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you’ll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the “German engineering, don’t mess about” identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
