Product type Standard

Product Description

The Adams Rite 281-800 Standard Z & L Bracket is a robust and reliable mounting solution designed specifically for the Adams Rite Armlock 281 series electromagnetic locks. This bracket set is essential for converting standard 280 series maglocks to suit inward-opening door applications where direct fixing to the frame is not possible.

Constructed from high-quality satin anodised aluminium, the bracket provides a strong yet lightweight mounting option. By ensuring precise alignment between the magnetic lock and the armature plate, it helps maintain the maximum holding force and operational reliability of your access control system. It offers a clean, professional finish that complements modern commercial and office environments.

Technical Specifications

- **Brand:** Adams Rite
- **Manufacturer Reference:** 281-800
- **Finish:** Satin Anodised Aluminium
- **Fitting:** Inward-opening doors
- **Handed:** Inward-opening
- **Armature Dimensions:** 160mm (L) x 63.5mm (H) x 63.5mm (D)

- **Magnet Dimensions:** 266mm (L) x 76mm (H) x 46mm (D)
- **Z Plates Dimensions:** 160mm x 63.5mm
- **L Bracket Dimensions:** 266mm x 46mm
- **Overall Dimensions:** 64mm (H) x 266mm (W) x 64mm (D)
- **Weight:** 1.28kg
- **Pack Quantity:** 1
- **Guarantee:** 3 Year

Key Features

- **Inward-Opening Conversion:** Specifically designed to convert 280 series magnets for inward-opening door applications.
- **Durable Construction:** Made from high-quality satin anodised aluminium for a strong, lightweight, and clean finish.
- **Optimised Alignment:** Helps ensure precise positioning of the maglock and armature plate to maintain maximum holding force.
- **Complete Kit:** Includes Z plates and an L bracket to provide a comprehensive mounting solution.
- **Manufacturer Guarantee:** Backed by a 3-year manufacturer's guarantee for peace of mind.

Brand Profile

Adams Rite

Adams Rite is a long-running American door-hardware brand best known as “*the Aluminum Hardware Authority*”—a specialist in locking and access hardware for **narrow-stile aluminum doors** (think storefronts, commercial entrances, glass-and-aluminum door systems).

The company’s core range covers **deadlocks and deadlatches, electric strikes, exit devices/panic hardware, trim**, and related cylinders/accessories—basically the mechanical and electromechanical guts that let commercial aluminum doors stay secure while still being code-compliant and usable.

Adams Rite is part of ASSA ABLOY, following ASSA ABLOY’s acquisition (announced and completed in **2006**). In ASSA ABLOY’s portfolio, Adams Rite is positioned as a strong, complementary brand in aluminum door applications.
