<b>Brand</b>	Adams Rite
<b>Product type</b>	Cylinder - Euro & Oval

## Product Description

The Adams Rite MS2200 Mortice Deadlock Case is a maximum-security locking solution designed specifically for swing aluminium and steel doors. Equipped with a long, robust laminated steel bolt, this deadlock provides exceptional resistance against physical attacks, making it a trusted choice for commercial and high-traffic environments.

This deadlock case is designed to accept a standard 17mm Euro profile cylinder (sold separately), allowing you to integrate it into your existing master key or keyed-alike systems. Additionally, the lock can be easily converted to a 2 or 3-point locking system by pairing it with the 4022-18 header and threshold bolt (available to order separately).

Please note that all faceplates and strike plates must be ordered separately to suit your specific door profile. This product is available in multiple backset options, case depths, weights, and manufacturer references. Please choose your preferred configuration from the options below.

## Technical Specifications

- **Brand:** Adams Rite
- **Mechanism:** Euro Cylinder (sold separately)
- **Backset:** 25mm or 30mm (please choose from the options below)
- **Case Depth:** 41mm or 46mm (please choose from the options below)
- **Case Height:** 159mm
- **Bolt Throw:** 32mm
- **Forend Length:** 195mm
- **Forend Width:** 26mm
- **Forend Finish:** Anodised Aluminium
- **Case Finish:** Plated Steel
- **Manufacturer Reference:** MS2200-110 or MS2200-210 (please choose from the options below)
- **Weight:** 470g or 490g (please choose from the options below)
- **Barcode:** 5055120601427 or 5055120601410 (please choose from the options below)

## Key Features

- **Maximum Security:** Features a long, robust laminated steel bolt for superior protection on swing aluminium and steel doors.
- **Euro Profile Compatible:** Designed to accept a standard 17mm Euro profile cylinder (sold separately).
- **Multi-Point Locking Upgrade:** Easily converted to a 2 or 3-point locking system using the 4022-18 header and threshold bolt (available to order separately).

## Brand Profile

Adams Rite

**Adams Rite** is a long-running American door-hardware brand best known as “*the Aluminum Hardware Authority*”—a specialist in locking and access hardware for **narrow-stile aluminum doors** (think storefronts, commercial entrances, glass-and-aluminum door systems).

The company’s core range covers **deadlocks and deadlatches, electric strikes, exit devices/panic hardware, trim**, and related cylinders/accessories—basically the mechanical and electromechanical guts that let commercial aluminum doors stay secure while still being code-compliant and usable.

**Adams Rite is part of ASSA ABLOY**, following ASSA ABLOY’s acquisition (announced and completed in **2006**). In ASSA ABLOY’s portfolio, Adams Rite is positioned as a strong, complementary brand in aluminum door applications.
