Specification Summary

Brand	Alpro
Product type	Accessory

Product Description

The Alpro 5245ESP is a high-quality extended strike plate designed specifically to suit the Alpro deadlatch range, including the 4570 and 4510 series. Ideal for commercial and metal door applications, this strike plate provides a secure and reliable latching point, ensuring your door operates smoothly and remains properly secured.

Constructed with a durable steel finish, this extended strike plate offers excellent strength and longevity in high-traffic environments. It features a 75mm width and 48mm screw centres, making it a straightforward replacement or upgrade for existing setups. Whether you are installing a new deadlatch or replacing an old keep, this genuine Alpro accessory ensures a precise fit and robust performance.

Technical Specifications

- **Brand:** Alpro
- **Manufacturer Reference:** 5245ESP
- **Part Number:** L22550
- **Finish:** Steel
- **Width:** 75mm
- **Screw Centres:** 48mm

- **Weight:** 42g
- **Pack Quantity:** 1
- **Barcode:** 5055120743981
- **Compatibility:** Suitable for the Alpro deadlatch range (4570/4510 series)

Key Features

- **Extended Design:** Provides an extended strike area to ensure reliable latching for Alpro deadlatches.
- **Durable Construction:** Made from robust steel to withstand the demands of commercial and high-traffic metal doors.
- **Perfect Compatibility:** Designed specifically to suit the Alpro 4570 and 4510 deadlatch series.
- **Easy Installation:** Features standard 48mm screw centres for a quick and straightforward fit.

Brand Profile

Alpro

Alpro (Alpro Architectural Hardware) is a UK supplier of **architectural door hardware and access-control components**, focused heavily on the **commercial aluminium door (OEM) market** and the wider **access control** environment. It operates as a **division of IEC Limited**, an **independent, family-owned** company founded in **1938** to supply quality mechanical components.

Alpro's catalogue spans both **mechanical** and **electro-mechanical** products: contemporary **pull handles, lever/paddle handles, deadlocks/deadlatches, cylinders, transom door closers**, and hardware like **flushbolts** and **armoured strikes**, alongside access-control staples such as **electric strikes, deadlocking/solenoid bolts, shearlocks, cabinet locks, and IP-rated keypads and exit switches**.

The company also highlights **BS EN ISO 9001:2015 approval**, technical support, CAD/design capability, and a stock-led operation aimed at quick dispatch - positioning Alpro as a practical "solve the door problem" brand for installers and fabricators rather than a consumer retail name.
