**Specification Summary**

Brand Asec

Product type 1 Lever

**Product Description**

The Asec 1 Lever Double Handed Flanged Rimlock is a reliable, easy-to-install surface-mounted lock ideal for low-security applications, such as internal doors, sheds, and outbuildings. Featuring a robust flanged design and a 150mm case depth, this rimlock is double-handed (non-handed), making it suitable for installation on both left and right-handed doors.

Each lock is supplied complete with two keys and features a simple 1-lever mechanism. It is available in multiple case finishes, including Black and Polished Brass, to suit your existing door hardware. Please choose your

preferred finish, barcode, and manufacturer reference from the options below.

## Technical Specifications

## Brand Profile

Asec

**ASEC** is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories.**

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand's identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
