Specification Summary

Brand Asec

Product type Screw In

Product Description

The Asec 5-Pin Screw-In Cylinder is a reliable, entry-level locking cylinder designed primarily for use with mortice-type metal door locks. Offering a practical and cost-effective security solution, this cylinder features a robust 5-pin mechanism and an 18mm thread length, providing a secure fit for commercial or residential metal doors.

Each cylinder is supplied complete with three keys, a fixing screw, and a matching trim ring to ensure a neat, professional installation.

To suit your specific installation requirements, this cylinder is available in a variety of configurations. Please choose from the options below to select your preferred finish, keying setup, pack quantity, and packaging type.

Technical Specifications

- **Brand:** Asec
- **Cylinder Type:** Screw-In
- **Thread Length:** 18mm
- **Mechanism:** 5-Pin
- **Keys Supplied:** 3
- **Fire Tested:** Grade 0

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories.**

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand's identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
