## Specification Summary

Brand Asec

Product type Key Safe

## Product Description

The Asec 6 Key Key Safe is a practical and secure solution for storing household keys, making it ideal for care workers, cleaners, family members, or emergency access. Designed for both indoor and outdoor wall-mounted installation, this robust mechanical digital key safe is quick and easy to fit using the supplied fixings.

Constructed from rust-proof materials, this key safe is built to withstand the elements and comes complete with a weather-resistant rubber cover to protect the push-button mechanism from rain, dirt, and harsh weather. It features a user-friendly push-button lock that requires a minimum 3-digit combination, which can be easily set and reset as needed. With a compact yet spacious interior, it can securely hold up to 6 cylinder keys or 1 to 2 mortice keys, ensuring you never have to worry about being locked out again.

## Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS6106
- **External Dimensions:** 105mm (H) x 75mm (W) x 56mm (D)
- **Internal Dimensions:** 70mm (H) x 38mm (W) x 35mm (D)
- **Finish:** Black
- **Weight:** 715g
- **Key Capacity:** Up to 6 cylinder keys or 1 to 2 mortice keys
- **Lock Type:** Mechanical digital push-button (minimum 3 digits)
- **Mounting:** Surface mounted (fixings supplied)

## Brand Profile

Asec

**ASEC** is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories.**

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand's identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
