## Specification Summary

Brand	Asec
Product type	Key Cabinet

## Product Description

The Asec 60 Hook Cabinet is a robust and highly practical key storage solution, designed specifically to accommodate both standard keys and larger key bunches. Constructed with a durable grey powder-coated finish, this cabinet features a unique criss-cross door design that provides added rigidity and security.

Inside, the cabinet is equipped with fully adjustable hook bars, allowing you to customise the layout to suit your specific storage needs. It has a total capacity of 60 hooks, configured to comfortably hold up to 30 individual keys and 30 bulkier key bunches. To make organisation straightforward, the cabinet is supplied complete with colour-coded square key tags, rings, and numbered labels.

Secured by a reliable key-locking mechanism, this unit is supplied with two keys, ensuring authorised access only. It is an ideal choice for commercial premises, property managers, car dealerships, or any environment requiring organised and secure key management.

## Technical Specifications

- **Height:** 550mm
- **Width:** 380mm
- **Depth:** 140mm
- **Weight:** 11kg
- **Finish:** Grey
- **Hooks:** 60
- **Keys Supplied:** 2

## Brand Profile

Asec

**ASEC** is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories.**

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand's identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
