Specification Summary

Brand	Asec
Product type	5 Lever

Product Description

The Asec AS5512 50mm 5 Lever Sashlock is a slim, narrow-profile mortice sashlock designed specifically for doors with narrow stiles, such as aluminium doors or glass-panelled wooden doors. With a compact 50mm case depth and a 35mm backset, it offers a reliable locking solution where space is limited.

This sashlock features a robust brass deadbolt reinforced with two hardened steel rollers to resist sawing attacks, alongside a fully reversible latch bolt that makes it suitable for both left and right-handed doors. It operates via a 5-lever mechanism, providing 1,000 key differs for enhanced security, and comes supplied with three keys.

This product is available in multiple options, including Polished Brass and Stainless Steel finishes, with corresponding weights, manufacturer references, and barcodes. Please select your preferred finish, manufacturer reference, weight, and barcode from the options below.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that “*would never become available through the large multiple retailers.*”

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories.**

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand's identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
