## Product Imagery

## Specification Summary

Brand Asec

Product type Catch & Latch

## Product Description

The Asec Auto Gate Catch is a reliable and practical solution designed to keep your external gates securely closed. Once the gate is shut, this catch automatically holds it in the closed position. For optimal performance, it is ideally paired with a gate spring, allowing for smooth automatic closing, while a simple press of the thumb latch easily releases the gate when needed.

Constructed for durability, this gate catch is fully suitable for external use and comes complete with all necessary fixing screws for a straightforward installation.

This product is available in multiple finishes, packaging types, weights, and manufacturer references. Please choose from the options below to select your preferred finish (including Black, Galvanised, or Zinc Plated), packaging style (Loose or Visi bagged with a header card), and weight.

## Technical Specifications

- **Brand:** Asec
- **Width:** 57mm
- **Finishes:** Multiple options available (Black, Galvanised, or Zinc Plated) - please choose from the options below
- **Packaging:** Multiple options available (Loose or Visi bagged) - please choose from the options below

## Brand Profile

Asec

**ASEC** is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories.**

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand's identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
