**Specification Summary**

Brand Asec

Product type Necked

**Product Description**

The ASEC Brass Necked Barrel Bolt is a traditional and reliable solution for securing doors, cupboards, or cabinets from the inside. Featuring a classic polished brass finish, this bolt is designed with a cranked (necked) offset. This makes it ideal for applications where the door and frame are not flush, such as recessed frames or outward-opening doors.

Each bolt is supplied in carded (Visi) packaging and comes complete with the necessary fixing screws for a quick and straightforward installation. To suit a variety of door sizes and installation requirements, this barrel bolt is available in multiple lengths ranging from 50mm up to 15.2cm, with weights ranging from 50g to 110g. Please select your required length and specification from the options below.

## Technical Specifications

- **Brand:** Asec
- **Finish:** Polished Brass
- **Width:** 25mm
- **Length:** 50mm to 15.2cm (please choose from the options below)
- **Weight:** 50g to 110g (please choose from the options below)

## Brand Profile

Asec

**ASEC** is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories.**

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand's identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
