

The Asec BS3621 Double Euro Mortice Sashlock is a complete, high-security locking solution designed to meet and exceed the stringent requirements of BS3621:2007. Ideal for external wooden doors, this comprehensive set is tested as a single unit to ensure maximum resistance against attack. It is supplied complete with a robust lock case, a 70mm (35/35) Asec BS 6-pin double euro cylinder, a 2-part security escutcheon set with fixings, and 3 keys.

This sashlock features a 20mm hardened steel deadbolt throw for enhanced physical security, alongside an easily reversible latchbolt to accommodate both left and right-handed doors. The lock case is pierced to accept standard 38mm bolt-through fixings. Depending on your door requirements, this lock is available with either a 44.5mm or 57mm backset, corresponding to case depths of 64mm or 76mm. Please select your preferred size and specification from the options below.

## Technical Specifications

- **Backset:** 44.5mm or 57mm (please select from the options below)
- **Case Depth:** 64mm or 76mm (please select from the options below)
- **Case Height:** 108mm
- **Centres:** 47.5mm

## Brand Profile

Asec

**ASEC** is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories.**

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand's identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
