Brand Asec

Product type Hook

## Product Description

The Asec Silent Pattern Cabin Hook is a practical and stylish solution for securing doors and gates in either an open or closed position. Designed with a double-hinged mechanism, this cabin hook is ideal for holding patio doors, stable doors, or external gates securely against a wall, preventing them from blowing shut in the wind.

As a 'silent pattern' hook, it features a tighter-fitting hook and eye connection. This design significantly minimises movement and prevents annoying rattling, making it perfect for both domestic and commercial applications where noise reduction is preferred.

Finished in an attractive polished chrome, these cabin hooks offer excellent durability alongside a sleek, modern aesthetic. They are available in a range of lengths and weights to suit different clearance requirements. Please choose your preferred length, weight, manufacturer reference, and barcode from the options below.

## Technical Specifications

- **Brand:** Asec
- **Finish:** Polished Chrome
- **Length:** 10cm, 15cm, 20cm, 25cm, or 30cm (please choose from the options below)
- **Weight:** 122g, 128g, 156g, 186g, or 220g (please choose from the options below)
- **Pack Quantity:** 1
- **Manufacturer Reference:** AS11966, AS11967, AS11968, AS11969, or AS11970 (please choose from the options below)
- **Barcode:** Multiple options available (please choose from the options below)

## Key Features

- **Silent Pattern:** Tighter-fitting hook and eye minimises movement and prevents door rattle.
- **Double Hinged:** Offers extra flexibility during operation.
- **Versatile Use:** Ideal for holding patio doors, stable doors, and gates open, or keeping doors closed.
- **Polished Chrome Finish:** Provides a sleek, modern, and durable aesthetic.
- **Range of Sizes:** Available in multiple lengths to suit your specific requirements.

## Brand Profile

Asec

**ASEC** is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories.**

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand's identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
