Product type Indicator

Product Description

The Asec Disabled Toilet Handle Facility Indicator Set is designed to provide easy, accessible operation for washroom facilities. Featuring a user-friendly hook lever mechanism, this set offers effortless operation, making it ideal for users with limited hand dexterity.

This highly versatile set is fully reversible, making it suitable for both left and right-handed doors. It is compatible with both hinged and sliding doors, and comes complete with the necessary keeps for a straightforward installation.

For privacy and safety, the external backplate features a clear, coloured occupancy indicator to show whether the facility is in use. In the event of an emergency, a convenient coin-turn release on the outside allows quick and safe access from the exterior. Finished in a modern Satin Anodised Aluminium, this set combines practical functionality with a clean, professional aesthetic.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS12340
- **Finish:** Satin Anodised Aluminium
- **Handing:** Reversible (suits left or right-handed doors)

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories.**

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand's identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
