Specification Summary

Brand	Asec
Product type	Fire Door & Access

Product Description

The Asec 'Fire Door Keep Locked Shut' PVC Self-Adhesive Sign is a mandatory safety notice designed to clearly instruct users to keep designated fire doors closed and locked. Essential for commercial, industrial, and public buildings, this sign plays a vital role in passive fire protection by helping to prevent the spread of smoke and fire in an emergency.

Featuring a universally recognised blue circle with a white pictogram and clear instruction, this sign ensures instant recognition. It is manufactured from durable, semi-rigid PVC that is moisture-resistant and easy to wipe clean,

preventing the peeling or curling often associated with paper labels. Thanks to its self-adhesive backing, installation is quick, clean, and tool-free, allowing you to apply it directly to any smooth, clean surface without the need for screws or drilling.

This sign is supplied on a 200mm x 300mm sheet and is available in multiple options. Depending on your needs, you can select a pack quantity of either 2 or 6 signs per sheet, with individual sign widths of 10cm or 15cm. Please choose your preferred manufacturer reference, pack quantity, and width from the options below.

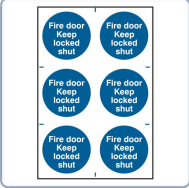

Technical Specifications

- **Brand:** Asec
- **Legend:** Fire Door Keep Locked Shut
- **Material:** Semi-rigid PVC
- **Sheet Dimensions:** 200mm x 300mm
- **Sign Width:** 10cm or 15cm (please choose from the options below)

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories.**

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand's identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
