Specification Summary

Brand	Asec
Product type	Accessory

Product Description

The Asec Narrow Style 38mm Surface Housing is a high-quality stainless steel back box designed to convert flush-fitting Asec access control products into surface-mounted units. Ideal for installations where recessing is not possible or practical, this housing is specifically tailored for narrow-style exit buttons and key switches.

Constructed from robust stainless steel, it provides a durable, secure, and professional finish that blends seamlessly with modern commercial and domestic environments. Measuring 38mm deep, 40mm wide, and 85mm high, its slim profile is perfect for installation on narrow door frames, architraves, or posts.

This surface box offers a simple and effective solution for retrofitting or upgrading access control systems, ensuring a neat and clean installation with minimal fuss.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS8004
- **Material:** Stainless Steel
- **Finish:** Stainless Steel
- **Depth:** 38mm
- **Width:** 40mm
- **Height:** 85mm
- **Weight:** 80g

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that “*would never become available through the large multiple retailers.*”

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories.**

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand's identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
