Product type Prohibition

Product Description

The Asec 'No Parking' sign is a highly visible prohibition sign designed to clearly mark restricted parking zones and prevent unauthorised parking outside your home, business, or commercial premises. Featuring a bold red and white finish with clear 'No Parking' lettering, it provides an instant visual deterrent that is easy to read from a distance.

Manufactured from durable PVC, this sign is designed to withstand everyday wear and tear. It features a self-adhesive backing, making installation quick and simple on any clean, dry, and flat surface without the need for screws, nails, or drilling. Measuring 200mm x 50mm, it is a compact yet effective solution for managing vehicle access and maintaining clear pathways.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories.**

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand's identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
