**Brand** Asec

**Product type** Passage

## Product Description

The Asec Passage Knobset is a practical, non-locking door handle solution designed to provide free and easy access to internal doors. It is ideal for domestic or commercial passageways, kitchens, and living areas where security or privacy locking is not required.

This high-quality knobset is supplied as a complete kit, including an adjustable tubular latch that can be set to either a 60mm or 70mm backset to suit your door's preparation. It comes boxed with all necessary fixing screws and straightforward fitting instructions, making installation quick and simple.

The knobset is available in a choice of two durable finishes to complement your interior decor: Polished Brass and Stainless Steel. Please select your preferred finish and manufacturer reference from the options below.

## Technical Specifications

- **Brand:** Asec
- **Type:** Passage Knobset (Non-locking)
- **Latch Type:** Adjustable tubular latch (60mm to 70mm backset)
- **Finishes Available:** Polished Brass or Stainless Steel (please select below)

## Brand Profile

Asec

**ASEC** is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories.**

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand's identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
