## Product Imagery

## Specification Summary

Brand	Asec
Product type	Patio Door Locks

## Product Description

The Asec Patio Lock is a simple yet highly effective security solution designed to provide additional protection for sliding patio doors and windows. Engineered to mount directly onto the frame, the lock features a robust bolt that secures into the door itself, preventing unauthorised entry and sliding.

Operation is exceptionally straightforward: simply push the bolt to lock the door in place, and use the key to release it. This makes it an ideal choice for quick, daily operation. It is supplied complete with fixing screws for a hassle-free installation.

This versatile patio lock is available in multiple finishes, pack quantities, and keying configurations to suit your home's aesthetic and security requirements. Please select your preferred finish, keying option, and pack quantity from the options below.

## Technical Specifications

- **Brand:** Asec
- **Width:** 25mm
- **Depth:** 33mm
- **Overall Bolt Size:** 60mm x 9mm
- **Keys Supplied:** 2
- **Finish:** Silver or White (please choose from the options below)
- **Keying Options:** Keyed To Differ or Keyed Alike Pair (please choose from the options below)
- **Pack Quantity:** 1 or 2 (please choose from the options below)
- **Weight:** 220g to 410g (depending on selection)
- **Manufacturer Reference:** AS5052, AS5053, AS5056, or AS5057 (please choose from the options below)

## Key Features

- **Simple Push-to-Lock Operation:** Conveniently locks by pushing the bolt, and releases easily with the key.
- **Versatile Application:** Suitable for securing both sliding patio doors and windows.
- **Frame-to-Door Security:** Designed to mount onto the frame and lock directly into the door to prevent sliding.
- **Fixings Included:** Supplied complete with fixing screws for straightforward installation.
- **Flexible Keying Options:** Available in keyed-to-differ or keyed-alike pairs to suit multiple doors.

## Brand Profile

Asec

**ASEC** is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories.**

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand's identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
