Specification Summary

Brand	Asec
Product type	Catch & Latch

Product Description

The Asec Ring Gate Latch is a robust and reliable gate latch designed with ring handles on both sides, making it ideal for external applications such as garden gates and doors. It provides a traditional look and feel, combining classic aesthetics with practical functionality.

This latch is suitable for external use and is available in multiple finishes, including Black, Galvanised, and Zinc Plated, allowing you to choose the perfect match for your gate. Depending on the finish chosen, the latch is supplied either loose or in visi packaging (bagged with a header card, making it ideal for merchandiser displays). Please select your preferred finish, packaging, weight, barcode, and manufacturer reference from the options below.

With a length of 15cm, this gate latch is easy to operate from either side of the gate, offering a secure and smooth closing action.

Technical Specifications

- **Brand:** Asec
- **Length:** 15cm
- **Ring Diameter:** 66mm (where applicable)

- **Finish:** Black, Galvanised, or Zinc Plated (please choose from the options below)
- **Manufacturer Reference:** AS3230, AS10246, or AS12321 (please choose from the options below)

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that “*would never become available through the large multiple retailers.*”

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories.**

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand's identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
