Specification Summary

Brand	Asec
Product type	Overhead

Product Description

The Asec Size 3 Contract Door Closer with Cover is a versatile and reliable overhead door closer designed for universal application (Fig 1, Fig 61, and Fig 66). This non-handed closer is suitable for doors with a maximum width of 950mm and a maximum weight of 60kg. While it features a fixed strength of size 3, it is power adjustable by position to suit your specific installation requirements.

For enhanced safety and compliance, this overhead door closer has been successfully fire tested to EN 1634 and is CE marked against EN 1154 in Fig 1 applications. It also features fully adjustable sweep and latch speeds, allowing you to fine-tune the closing cycle to prevent slamming and ensure smooth operation.

This door closer is available in a choice of high-quality finishes, including Polished Stainless Steel, Satin Stainless Steel, and Silver, with corresponding manufacturer references and barcodes. Please select your preferred finish, manufacturer reference, and barcode from the options below.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that “*would never become available through the large multiple retailers.*”

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories.**

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand's identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
