Product Description

The Asec Stainless Steel Metal Toilet Door Sign is a high-quality, durable signage solution designed for commercial, public, and residential environments. Crafted from robust stainless steel, these signs provide a clean, modern aesthetic that complements any contemporary door hardware.

These signs feature clear, easily recognisable pictograms to help guide visitors and staff. They are designed for face fixing, ensuring a straightforward and secure installation on a wide variety of door types.

A range of legends is available to suit your specific facilities, including Male, Female, Unisex, and Disabled options. Please select your preferred legend, barcode, and manufacturer reference from the options below to find the perfect fit for your building's requirements.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories.**

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand's identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
