Specification Summary

Brand	Asec
Product type	Door Stop

Product Description

The Asec Stainless Steel Wall Door Stop is a sleek and durable solution designed to protect your walls, doors, and surrounding decor from impact damage. With a 75mm projection, this wall-mounted door stop is ideal for both domestic and commercial environments where reliable performance and clean aesthetics are required.

Crafted with a modern satin stainless steel finish, this door stop seamlessly complements contemporary interior hardware. It features a concealed fixing design, which hides the mounting screws to provide a clean, flush, and professional appearance once installed. Simple to fit on walls or skirting boards, it offers a robust barrier to prevent doors from opening too far and causing costly damage.

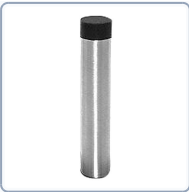

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS4519
- **Barcode:** 5055120624938
- **Finish:** Satin Stainless Steel
- **Length:** 75mm
- **Width:** 16mm

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories.**

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand's identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
