Is Cylinder

Product Description

The Avocet ABS Master 3-Star Euro Double Cylinder is a premium, high-security retrofit upgrade designed to defend your home against modern forced entry methods. Engineered to fit standard Euro profile doors, this cylinder offers elite protection without requiring any modifications to your existing door handles.

At the heart of its defence is Avocet's patented Snap-Secure technology. If an intruder attempts to snap the lock, the sacrificial outer section breaks away, instantly activating an internal locking cam that blocks access to the lock mechanism. Combined with advanced pin-in-pin and magnetic pin technology, the ABS Master is highly resistant to snapping, drilling, picking, and bumping.

Each cylinder is supplied with three high-security keys and a secure key card, ensuring that duplicate keys can only be cut by authorised dealers. A wide range of sizes is available to suit different door thicknesses; please select your required size from the options below.

Technical Specifications

- **Certifications:** TS007 3-Star rated, BS EN 1303:2005
- **Security Standards:** Sold Secure Diamond Grade (SS312), Secured by Design Accredited (Police preferred specification)
- **Pin Technology:** 8 + 1 magnetic pins, 6 trap pins for advanced pick resistance, and 16 anti-drill pins
- **Keying:** Supplied with 3 keys and a secure key registration card
- **Sizes:** Multiple size options available (please choose from the options below)

Key Features

- **Active Snap Protection:** Patented locking cam activates during a snap attack to keep the door locked and secure

- **Comprehensive Attack Resistance:** Highly resistant to snapping, picking, drilling, and bumping
- **Retrofit Design:** Easily replaces existing Euro cylinders without needing to change handles
- **Secure Key Duplication:** Key card system prevents unauthorised key copying
- **Police Approved:** Accredited by Secured by Design for maximum peace of mind

Brand Profile

Avocet (ABS)

Avocet (The **Avocet Hardware Group**) is a UK door-and-window hardware brand best known for its **ABS high-security cylinders**, especially its anti-snap euro cylinders used heavily in uPVC, composite and timber door sets. They position themselves as a long-standing trade supplier of **window and door hardware** alongside the award-winning **ABS** cylinder range.

Where Avocet really made its name is **anti-snap protection**. Their ABS cylinders use patented mechanisms designed to “lock down” after a snapping attack—so even if the outside section is sacrificed, the door doesn’t open. Avocet markets this as **Active Snap Protection / Snap Secure technology**, built around an internal locking action triggered by the attack.

On the certification side, Avocet’s flagship ABS cylinders are commonly sold and independently listed with top-tier UK security markings like:

- **TS007 3-Star** (anti-snap standard for cylinders/door hardware)
- **SS312 Sold Secure Diamond**
- **Secured by Design** (UK police initiative)

Beyond cylinders, Avocet also sells broader “suited” door hardware ranges (handles and complementary hardware) aimed at giving fabricators/installers a consistent look and spec across a door set.
