Product Description

The Banham M2002 is a premium, high-security mortice deadlock designed specifically for wooden doors. It features a robust hook bolt mechanism that can be locked or unlocked by key from either side, making it an exceptional choice for securing residential or commercial properties.

This deadlock is insurance approved to British Standard BS 3621 and holds a Secured by Design accreditation (Police Preferred Specification), ensuring it meets rigorous security standards. The M2002 is supplied with two patented keys protected by the exclusive Banham key registration system, which prevents unauthorised key duplication and gives you complete control over who has access.

Please note that this lock is designed for use on wooden doors only and is not suitable for sliding doors. The deadlock is available in a choice of finishes, including Chrome Plated, Polished Brass, Satin Brass, and Satin Chrome, with weights ranging from 1.5kg to 1.629kg. Please select your preferred options from the choices below.

Brand Profile

Banham

Banham is a **London-based, family-run security company** best known for its **high-security locks**, locksmithing, and wider home-and-business security services across **London and the South East**. The business traces its roots to **1926**, when **William F. Banham** developed an early **automatic door bolt** after repeated burglaries at his wife’s West London dressmaking shop, launching what became Banham Patent Locks.

Over nearly a century, Banham has grown from lockmaking into a full security provider, combining **physical security** (locks and door hardware) with **electronic security** such as **alarms, CCTV, and access control**, plus services like **keyholding** and **24/7 alarm response**.

In the trade/public eye, Banham is especially associated with:

- **Banham-branded locks** (marketed as UK-crafted, with an emphasis on distinctive design and robust burglary resistance).
- **24/7 emergency locksmith coverage** for lockouts, lock changes, and repairs, positioned as vetted, insured, and professional (and very much “don’t get scammed by a rogue locksmith” coded).
- A “heritage + service footprint” story: **four generations, since 1926**, and a long-standing focus on London’s residential and commercial market.
