Product type	Borg Accessories

Product Description

The Borg 4000 Series Rebate Kit is a high-quality accessory designed to facilitate the installation of Borg 4000 series digital locks onto rebated double doors. When fitting a digital lock to a pair of double doors with overlapping (rebated) meeting stiles, a standard latch installation will not align correctly. This rebate kit bridges that gap, ensuring a secure, flush, and professional fit.

Specifically engineered to suit models within the Borg 4000 series that utilise a tubular latch setup, this kit provides a 1/2-inch (13mm) rebate. It allows the latch and strike plate to sit correctly within the rebated door stiles, maintaining the full functionality and security of your mechanical digital lock.

Whether you are installing a new digital lock or retrofitting an existing double door setup, this genuine Borg accessory offers a seamless solution for a neat and robust installation.

Technical Specifications

- **Brand:** Borg Accessories
- **Compatibility:** Suits Borg 4000 series digital locks with a tubular latch
- **Rebate Size:** 1/2 inch (13mm)
