**Product Description**

The CAVEO TS007 3\* Double Euro Dimple Cylinder Keyed Alike Pair offers premium, high-security protection for your home or business. This convenient pair of cylinders is keyed alike, meaning both locks can be operated using the same set of keys. Featuring a unique dual finish - a nickel-plated body combined with a polished brass plug - these cylinders seamlessly match both brass and chrome or nickel door hardware, providing a highly versatile and

cost-effective security solution.

Engineered to withstand the most common forced entry methods, these BSI Kitemarked 3-star cylinders offer robust resistance against snapping, bumping, picking, and drilling. The external side features a sacrificial cut designed to snap off during an attack, leaving the core mechanism secure and the internal side fully operational. For added peace of mind, the cylinders are Sold Secure Diamond certified, Secured by Design accredited, and backed by a £2,000 break-in guarantee upon registration.

These cylinders are available in a wide range of overall lengths from 60mm to 120mm, with various internal and external offset measurements (A-side breakaway and B-side). Pack quantities and keying options (including Keyed Alike and Keyed to Differ) are also available. Please select your required sizes, pack quantities, and keying options from the selections below.

## Brand Profile

CAVEO

**CAVEO** is a high-security **cylinder** brand focused on modern attack resistance in the UK door market, sold as the **CAVEO Secure** range of **euro cylinders** (including thumbturn and keyed-alike options) plus **rim cylinders**. It's positioned as a "upgrade cylinder" choice for uPVC/composite/aluminium doors where snapping, bumping, drilling and picking are the everyday threat model.

At the core of the range is a **dimple-key mechanism** with **verification on two independent levels** and a **reversible keyway** (key goes in either way). The brand also pushes a **uniquely shaped keyway** and **anti-bump + anti-drill pins** as part of its anti-attack design story.

CAVEO is marketed around hitting the top UK "trust badges" for cylinders. Trade listings and CAVEO/stockist pages commonly state certification/accreditation including:

- **BSI Kitemarked TS007 3-Star**
- **Sold Secure Diamond**
- **Secured by Design (Police Preferred Specification)**
- **BS EN 1303:2015** cylinder certification

A distinctive part of CAVEO's positioning is its **£2,000 break-in guarantee**: if a burglary occurs within **5 years** and entry was achieved by **snapping the CAVEO cylinder**, they state they'll pay £2,000 on proven claims.

Distribution-wise, CAVEO is strongly associated with the UK trade channel via **Aldridge Security** (you'll see it presented through Aldridge/Aldridge Access as a stocked brand), and it's also been promoted through Secured by Design comms in that context.
