Is Cylinder

**Product Description**

The CAVEO TS007 3\* Half Euro Dimple Cylinder is supplied as a keyed alike pair, offering high-security protection for your property. Featuring a dual finish with a nickel-plated body and a polished brass plug, this cylinder provides a stylish and cost-effective solution suitable for both brass and nickel hardware applications.

These BSI Kitemarked cylinders are TS007 3-star rated, delivering robust resistance against common forced entry methods, including bumping, picking, drilling, and snapping. The cylinder features a distinctive CAVEO blue cam and is supplied with three keys (including optional black identification inserts), a fixing bolt, installation instructions, and a registration activation card. Upon registration, the cylinder is backed by a £2,000 break-in guarantee.

This product is available in multiple sizes and configurations. Please choose your required body length (ranging from 40mm to 45mm), cylinder size with cam (30/10 or 35/10), snap resistance, and pack quantity from the options below.

## Technical Specifications

- **Cylinder Type:** Half Euro
- **Cylinder Profile:** Euro
- **Cylinder System:** CAVEO
- **Mechanism:** 11 Pin
- **Finish:** NP/PB Dual Finish (Nickel Plated / Polished Brass)
- **Standards:** BS EN 1303:2015, TS 007-1:2014 + A2:2018 - 3 Star, Secured by Design, Sold Secure (Diamond)
- **Fire Tested:** Grade B (Fire door rated to 30 minutes)
- **Keys Supplied:** 3
- **Body Length:** 40mm or 45mm (please choose from the options below)
- **A Side:** 30mm or 35mm (please choose from the options below)
- **Cylinder Size With Cam:** 30/10 or 35/10 (please choose from the options below)
- **Snap Resistant:** Yes or No (please choose from the options below)
- **Weight:** 480g to 490g (please choose from the options below)
- **Pack Quantity:** 1 or 1 Pair (please choose from the options below)
- **Manufacturer Reference:** CV50333KAP or CV50350KAP (please choose from the options below)

## Key Features

- Supplied as a keyed alike pair for convenient single-key operation across two cylinders
- High resistance to bumping, snapping, picking, and drilling
- Dual finish design seamlessly matches both nickel and brass hardware
- BSI Kitemarked, Sold Secure Diamond certified, and Secured by Design accredited
- Distinctive CAVEO blue cam for easy identification
- Reversible dimple keyway with a 9 to 11 pin mechanism
- Includes a £2,000 break-in guarantee upon registration

## Brand Profile

CAVEO

**CAVEO** is a high-security **cylinder** brand focused on modern attack resistance in the UK door market, sold as the **CAVEO Secure** range of **euro cylinders** (including thumbturn and keyed-alike options) plus **rim cylinders**. It's positioned as a "upgrade cylinder" choice for uPVC/composite/aluminium doors where snapping, bumping, drilling and picking are the everyday threat model.

At the core of the range is a **dimple-key mechanism** with **verification on two independent levels** and a **reversible keyway** (key goes in either way). The brand also pushes a **uniquely shaped keyway** and **anti-bump + anti-drill pins** as part of its anti-attack design story.

CAVEO is marketed around hitting the top UK "trust badges" for cylinders. Trade listings and CAVEO/stockist pages commonly state certification/accreditation including:

- **BSI Kitemarked TS007 3-Star**
- **Sold Secure Diamond**
- **Secured by Design (Police Preferred Specification)**
- **BS EN 1303:2015** cylinder certification

A distinctive part of CAVEO's positioning is its **£2,000 break-in guarantee**: if a burglary occurs within **5 years** and entry was achieved by **snapping the CAVEO cylinder**, they state they'll pay £2,000 on proven claims.

Distribution-wise, CAVEO is strongly associated with the UK trade channel via **Aldridge Security** (you'll see it presented through Aldridge/Aldridge Access as a stocked brand), and it's also been promoted through Secured by Design comms in that context.
