Product Description

The Croft 1873 Beggar Latch is a beautifully hand-crafted, British-made rim latch designed for situations where a standard door handle projection would be awkward or obtrusive. Ideal for period properties, traditional interiors, and lift-up shop or pub counters, this high-quality latch offers a clean, low-profile aesthetic.

Operation is simple and discreet: the latchbolt is withdrawn using a concealed lever located on the underside of the case.

Please note that this latch is not reversible. It is available in both Left Hand and Right Hand configurations to suit your specific door or counter setup. Please select your required handing from the options below when ordering.
