## Specification Summary

Brand Crompton

Product type Steel

## Product Description

The Crompton 400 Back Flap Hinge is a reliable steel hinge designed specifically for applications where surfaces need to lie completely flat when open. This makes it an ideal choice for countertops, bar flaps, fold-down tables, cabinets, and various woodworking projects such as lidded boxes.

Supplied in a convenient pack of two, these loose-packed steel hinges are built for strength and smooth operation. Please note that fixings are not included, and they are designed to be used with size 8 or 10 screws.

This hinge is available in multiple lengths and weights to suit your specific project requirements. Please choose your preferred option from the selections below.

## Technical Specifications

- **Brand:** Crompton
- **Manufacturer Reference:** 400
- **Material/Finish:** Steel
- **Length:** 38mm or 50mm (please choose from the options below)
- **Weight:** 90g or 190g (please choose from the options below)
- **Pack Quantity:** 2
- **Recommended Screw Size:** 8 or 10 (screws not supplied)
- **Packaging:** Loose
- **Barcode:** 5010621025912 or 5010621027817 (please choose from the options below)

## Key Features

- **Lies Flat in Use:** Perfect for countertops, bar flaps, and fold-down tables where a flush, flat surface is required.
- **Versatile Woodworking Solution:** Great for cabinet making, lidded boxes, and general joinery applications.
- **Durable Steel Construction:** Provides strong, reliable support for everyday use.
- **Pack of Two:** Supplied as a pair for immediate installation on standard projects.

## Brand Profile

Crompton

**Crompton** is a UK **architectural ironmongery** brand used for the practical, “fit-and-forget” hardware that lives on doors, gates, garages and windows—hinges, bolts, latches, padbolts, hasps & staples, and the assorted steel bits that quietly keep properties together.

Today, Crompton sits within the **ERA brand family** (ERA explicitly lists Crompton as one of its recognised brands), and the Crompton range is marketed through ERA’s trade channels as their dedicated **ironmongery line**.

In ERA’s own wording, the **Crompton range** covers “everything from **gate ironmongery** like **hinges, bolts and latches** to **window and garage door ironmongery**,” and it’s positioned as traditional, broadly compatible hardware suitable for **period and contemporary homes**, conversions, and commercial properties—backed by ERA’s product/quality know-how.
