Product Description

The Dortrend 20RCR2 series is a premium range of bolt-through aluminium pull handles, designed to offer a sleek and durable solution for both commercial and residential doors. Each handle features a comfortable 20mm diameter grip and is supplied complete with 10mm concealed round roses for a clean, professional finish.

Crafted from high-quality aluminium with a stylish satin anodised aluminium (SAA) finish, these handles provide excellent corrosion resistance and a modern aesthetic. They are designed for secure bolt-through fixing, ensuring a robust and long-lasting installation on your door.

This versatile range is available in multiple lengths, weights, and manufacturer references to suit your specific installation requirements. Please choose your preferred size and specification from the options below.

## Technical Specifications

- **Brand:** Dortrend
- **Diameter:** 20mm

## Brand Profile

Dortrend

**Dortrend** is a UK manufacturer of **architectural door hardware**, best known for premium **door handles** and specialist **anti-ligature** fittings used heavily in **healthcare and mental health environments**. They're based in **Worcester** and say they've been manufacturing high-quality door handles for **50+ years**, supplying both UK and international projects (with a visible footprint across hospitals and MHUs).

What makes Dortrend stand out is the "specialist + bespoke" combo:

- A dedicated **Anti-Ligature Range** designed to reduce self-harm risk in high-dependency settings (handles, hooks, escutcheons, etc.).
- A **bespoke service** for custom hardware when off-the-shelf products won't fit the door design, compliance requirement, or aesthetic brief.
- Sector-driven thinking around **healthcare**, including product angles like hygiene-focused finishes and safe-design details.
