## Specification Summary

Brand                      Dortrend

Product type              Pull

## Product Description

The Dortrend Front Fix Cranked Pull Handle is a high-quality, durable door pull handle designed for both commercial and residential applications. Featuring a practical cranked (offset) design, this handle provides comfortable clearance for the hand, making it easier to operate while preventing knuckles from scraping against the door frame.

Manufactured from robust aluminium with a sleek satin anodised aluminium (SAA) finish, this pull handle is designed to withstand regular use while maintaining its clean, professional appearance. It is designed for straightforward front-face fixing, securing directly to the door via pre-drilled countersunk holes on the front of the

handle.

This handle is available in multiple lengths, weights, and manufacturer references to suit different door sizes and preferences. Please choose your preferred options from the selection below to find the perfect fit for your installation.

## Brand Profile

Dortrend

**Dortrend** is a UK manufacturer of **architectural door hardware**, best known for premium **door handles** and specialist **anti-ligature** fittings used heavily in **healthcare and mental health environments**. They're based in **Worcester** and say they've been manufacturing high-quality door handles for **50+ years**, supplying both UK and international projects (with a visible footprint across hospitals and MHUs).

What makes Dortrend stand out is the "specialist + bespoke" combo:

- A dedicated **Anti-Ligature Range** designed to reduce self-harm risk in high-dependency settings (handles, hooks, escutcheons, etc.).
- A **bespoke service** for custom hardware when off-the-shelf products won't fit the door design, compliance requirement, or aesthetic brief.
- Sector-driven thinking around **healthcare**, including product angles like hygiene-focused finishes and safe-design details.
