Specification Summary

Brand Dortrend

Product type Hook

Product Description

The Dortrend 602 is a practical and lightweight hat and coat hook, ideal for keeping hallways, cloakrooms, and offices organised. Manufactured from durable aluminium, it features a satin anodised finish that provides a clean, modern aesthetic suitable for both domestic and commercial environments.

With a length of 10.8cm and weighing only 20g, this hook offers a simple and effective storage solution for hanging coats, hats, and other garments. It is supplied individually in bagged packaging.

Technical Specifications

Brand Profile

Dortrend

Dortrend is a UK manufacturer of **architectural door hardware**, best known for premium **door handles** and specialist **anti-ligature** fittings used heavily in **healthcare and mental health environments**. They're based in **Worcester** and say they've been manufacturing high-quality door handles for **50+ years**, supplying both UK and international projects (with a visible footprint across hospitals and MHUs).

What makes Dortrend stand out is the "specialist + bespoke" combo:

- A dedicated **Anti-Ligature Range** designed to reduce self-harm risk in high-dependency settings (handles, hooks, escutcheons, etc.).
- A **bespoke service** for custom hardware when off-the-shelf products won't fit the door design, compliance requirement, or aesthetic brief.
- Sector-driven thinking around **healthcare**, including product angles like hygiene-focused finishes and safe-design details.
