## Specification Summary

Brand Dortrend

Product type Spindle

## Product Description

The Dortrend Plain Spindle is a square-profile steel spindle designed for use with compatible door furniture and handles. Featuring a standard 7.3mm width, this plain spindle provides a reliable connection between door handles on either side of a door.

This spindle is available in multiple lengths and sizes to suit different door thicknesses, with options including 90mm (7.3mm x 82mm) and 14cm (7.3mm x 140mm). Please choose your required length and size from the options below to ensure a perfect fit for your door installation.

Constructed from durable steel, it is supplied as a single loose item, making it an ideal replacement part or accessory for new door handle installations.

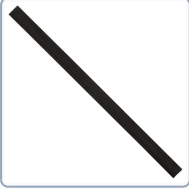

## Technical Specifications

- **Brand:** Dortrend
- **Spindle Type:** Plain square spindle

## Brand Profile

Dortrend

**Dortrend** is a UK manufacturer of **architectural door hardware**, best known for premium **door handles** and specialist **anti-ligature** fittings used heavily in **healthcare and mental health environments**. They're based in **Worcester** and say they've been manufacturing high-quality door handles for **50+ years**, supplying both UK and international projects (with a visible footprint across hospitals and MHUs).

What makes Dortrend stand out is the "specialist + bespoke" combo:

- A dedicated **Anti-Ligature Range** designed to reduce self-harm risk in high-dependency settings (handles, hooks, escutcheons, etc.).
- A **bespoke service** for custom hardware when off-the-shelf products won't fit the door design, compliance requirement, or aesthetic brief.
- Sector-driven thinking around **healthcare**, including product angles like hygiene-focused finishes and safe-design details.
