## Product Description

The Kenrick 500 Friction Hinge is a robust and reliable pivot hinge designed for window and casement applications. Manufactured from die-cast zinc alloy, this hinge offers exceptional corrosion resistance, ensuring long-lasting performance in all weather conditions.

Featuring an adjustable friction mechanism, it allows you to easily customise the resistance to hold your window securely in place at any angle. The hinge is designed to open up to a full 180 degrees, providing excellent ventilation and convenient access for cleaning. Finished in a durable grey powder coating, it offers a clean, modern look that complements a wide range of window frames.

Supplied as a pair, the Kenrick 500 is suitable for a maximum load of 15kg per pair, making it a practical and dependable choice for both residential and commercial installations.

## Technical Specifications

- **Brand:** Kenrick
- **Manufacturer Reference:** 500
- **Material:** Die-cast zinc alloy
- **Finish:** Grey

- **Length:** 190mm
- **Width:** 25mm
- **Screw Size:** 10
- **Maximum Load:** 15kg (per pair)
- **Pack Quantity:** 2 (1 pair)
