Specification Summary

Brand	ERA
Product type	Cylinder - Euro & Oval

Product Description

The ERA 224 & 324 Dual Profile Sashcase (also known as the Viscount) offers exceptional versatility by accommodating both Euro and Oval profile locking cylinders. Supplied complete with removable 'shoulders' to fit Euro cylinders, this sashcase is an ideal choice for retrofitting, allowing you to replace most existing cylinder door locks with minimal modification to your door or existing fittings.

Designed for durability and security, the lock features a deadbolt with hardened steel rollers to resist hacksaw attacks. It is also fully compatible with bolt-through door furniture and features an easily reversible latch bolt, making it suitable for both left and right-handed doors.

This dual profile sashcase is available in multiple case sizes and finishes to suit your door's requirements. Please select your preferred backset, case depth, finish, and manufacturer reference from the options below.

Brand Profile

ERA

The image shows the ERA logo, which consists of the letters 'ERA' in a bold, red, sans-serif font. The logo is centered within a white rectangular box, which is itself set against a light blue background.

ERA (often seen as **ERA Home Security**) is one of the long-standing names in UK locking and hardware, rooted in the **West Midlands** and heavily tied to the **door & window** trade. ERA traces its origins to **1838**, when **John Reynolds** started a locksmith business in **Willenhall**—a town that's basically the spiritual capital of British lockmaking.

These days ERA positions itself as a “home security expert” that **designs, develops, manufactures, and distributes** a broad range of products for the residential building and home improvement market—spanning **cylinders and door hardware, window hardware, smart/security products**, and associated ironmongery ranges (including brands like **Crompton** under the ERA umbrella).

On the corporate side, ERA was historically part of **Tyman plc** (you'll see that referenced in older deal/industry material). More recently, ERA states directly that it is **now part of Quanex** (NYSE: NX) following Quanex's acquisition of Tyman.
