|--------------|-------------|
| Brand        | ERA         |
| Product type | Double Oval |

## Product Description

The ERA 6-Pin Oval Double Cylinder is a reliable, high-quality locking solution designed to suit all oval-profile mortice locks and multi-point locking systems. Ideal for locations requiring controlled key access from both sides of the door, this double cylinder offers a straightforward replacement for existing oval cylinders with minimal disruption to your door's current fittings.

Manufactured from solid brass with a durable satin chrome finish, it features a robust 6-pin mechanism that provides reliable security and pick resistance. Each cylinder is supplied keyed to differ and comes complete with three keys, making it a perfect choice for both domestic and commercial applications where standard security and smooth operation are required.

## Technical Specifications

- **Cylinder Profile:** Oval
- **Cylinder Type:** Double Cylinder (key entry from both sides)
- **Overall Length:** 70mm
- **Cylinder Size:** 35/35 (30/10/30 with cam)
- **Mechanism:** 6-Pin

- **Finish:** Satin Chrome
- **Keying:** Keyed to differ
- **Keys Supplied:** 3

## Brand Profile

ERA

**ERA** (often seen as **ERA Home Security**) is one of the long-standing names in UK locking and hardware, rooted in the **West Midlands** and heavily tied to the **door & window** trade. ERA traces its origins to **1838**, when **John Reynolds** started a locksmith business in **Willenhall**—a town that’s basically the spiritual capital of British lockmaking.

These days ERA positions itself as a “home security expert” that **designs, develops, manufactures, and distributes** a broad range of products for the residential building and home improvement market—spanning **cylinders and door hardware, window hardware, smart/security products**, and associated ironmongery ranges (including brands like **Crompton** under the ERA umbrella).

On the corporate side, ERA was historically part of **Tyman plc** (you’ll see that referenced in older deal/industry material). More recently, ERA states directly that it is **now part of Quanex** (NYSE: NX) following Quanex’s acquisition of Tyman.
