Is Cylinder

Product Description

The GreenteQ Orion BS TS007 3 Star Euro Cylinder is a premium-quality double euro cylinder designed to offer maximum security for external doors without requiring additional security hardware. Fully tested and certified to the TS007 3-Star Kitemark standard, this high-security lock provides robust, independent protection against common forced entry methods, including lock snapping, bumping, drilling, picking, and plug extraction.

Engineered with a sacrificial breakpoint on the external side, the cylinder is designed to snap cleanly during an attack, leaving the central cam fully protected. Once snapped, an interlocking mechanism engages to block further access, while still allowing the lock to be operated from the inside for a safe exit. The external face is clearly marked with the 3-star Kitemark to act as a strong visual deterrent to potential intruders.

Each cylinder features a high-security 11-pin mechanism and is supplied with 5 high-security dimple keys as standard.

This cylinder is available in a wide range of overall lengths, side measurements, and finishes, including Polished Nickel and Polished Brass. Please select your required size and finish from the options below.

Technical Specifications

- **Brand:** GreenteQ
- **Cylinder Profile:** Euro
- **Cylinder Type:** Double Euro
- **Security Rating:** TS007 3-Star Kitemark
- **Mechanism:** 11-Pin
- **Keys Supplied:** 5 dimple keys
- **Keying:** Keyed to differ (in-house key cutting and keyed alike options available)
- **Sizes:** Multiple overall lengths and side measurements available (please choose from the options below)
- **Finishes:** Polished Nickel and Polished Brass (please choose from the options below)

Key Features

- **TS007 3-Star Protection:** Certified to the highest security standard, offering full protection without needing additional security handles or cylinder guards.
- **Anti-Snap Technology:** Features a sacrificial external breakpoint that snaps under attack, engaging an interlocking mechanism to protect the cam.
- **Comprehensive Attack Resistance:** Built-in protection against lock bumping, picking, drilling, and plug extraction.
- **Emergency Operation:** Remains operational from the inside even after an external snap attack, ensuring a safe exit.
- **Visual Deterrent:** Stamped with the BSI Kitemark and 3-star rating on the external face to deter intruders.
- **Reversible Dimple Keys:** Supplied with 5 high-security dimple keys for smooth, horizontal key entry.

Brand Profile

Greenteq

greenteQ (often written **Greenteq**) is the **in-house window and door hardware brand of VBH**, created to give fabricators, installers and repair/maintenance teams a dependable “one brand” option across the everyday components that make doors and windows function properly. VBH launched greenteQ as its own hardware brand in **2009**, and it’s been expanding the range ever since.

greenteQ sits squarely in the trade world: products for **uPVC/PVCu, aluminium, timber/wood and composite** windows and doors, covering both new manufacture and remedial work. The catalogue spans **locking systems, multipoint locks, handles/furniture, hinges**, and a long list of ancillaries designed to be installer-friendly and consistent to spec.

A big part of the brand identity is that it’s VBH-backed: greenteQ customers are explicitly described as benefiting from **VBH’s international product know-how**, and VBH GB notes the UK has its own greenteQ design focus to meet market-specific requirements (like **suited furniture** expectations).

On the “security hardware” end, greenteQ also sells cylinders and higher-security components you’ll see in the door trade - e.g. the **Orion** euro cylinder is marketed as **TS007 3-Star (Kitemark) approved** in VBH communications and stockist listings.
