Specification Summary

Brand Locinox

Product type Gate Closer

Product Description

The LOCINOX Verticlose 2 Hydraulic Gate Closer is a powerful, high-performance solution designed specifically for external gates. Engineered to withstand the elements, this robust gate closer features a powder-coated aluminium housing and is tested to operate reliably in extreme temperatures ranging from -30°C to +70°C. This ensures a consistent closing speed regardless of seasonal weather changes.

Installation is quick and straightforward thanks to the patented Quick-Fix fittings and the inclusion of railsets to suit both 90° and 180° hinge configurations. The Verticlose 2 is fully reversible, making it suitable for both left-handed and right-handed gates weighing up to 150kg.

With integrated pre-tensioning and continuous micro-adjustability for both closing speed and the final latching snap, you can easily fine-tune the mechanism for smooth, controlled, and secure operation. Rigorously tested to 500,000 movements and backed by a 3-year manufacturer's guarantee, it offers exceptional longevity and peace of mind for residential, commercial, and industrial perimeter security.

Technical Specifications

- **Brand:** Locinox
- **Manufacturer Reference:** 6040062
- **Finish:** Silver
- **Max Gate Weight:** 150kg
- **Max Opening Angle:** 180°
- **Handing:** Non-handed (reversible)
- **Weather Resistant:** Yes
- **Weight:** 5.18kg
- **Pack Quantity:** 1
- **Guarantee:** 3 years

Key Features

- **All-Weather Performance:** Designed for outdoor use with a consistent closing speed, tested from -30°C to +70°C.
- **Versatile Mounting:** Railsets included to suit both 90° and 180° hinge situations.
- **Easy Installation:** Patented Quick-Fix fittings guarantee a quick and secure fit.
- **Adjustable Operation:** Features integrated pre-tension and continuous micro-adjustability of closing speed and final snap.
- **Fully Reversible:** Easily reversible to suit both left-handed and right-handed gate applications.
- **Durable Construction:** Powder-coated aluminium housing tested to 500,000 movements.

Brand Profile

Locinox

Locinox is a Belgium-based specialist manufacturer of **gate and fence hardware**, best known in the trade for installer-friendly, high-durability components like **gate locks, hinges, gate closers, latches**, and **electro-mechanical access control** parts designed specifically for outdoor, weather-exposed gates. Their whole pitch is “make the gate hardware the least annoying part of the job,” with products engineered for fast fitting, consistent adjustment, and long service life.

The company is headquartered in **Waregem, Belgium**, and traces its origins to **1988** (often described as “over 30 years” in gate tech). Locinox supplies into **70+ countries**, positioning itself as a trendsetter in the fencing/gate world rather than a generic ironmongery line.
