Specification Summary

Brand	Master Lock
Product type	Aluminium

Product Description

The MASTER LOCK Aluminium Padlock Countertop Jar is an ideal point-of-sale display solution, containing 48 individual 30mm solid aluminium padlocks. Perfect for retail environments, trade counters, or school and gym receptions, this clear countertop display jar encourages spontaneous purchases.

Each padlock features a lightweight yet durable 30mm wide solid aluminium body, protected by a sleek black vinyl cover that prevents scratching on lockers, toolboxes, and other surfaces. For dependable security, each lock is equipped with a 5mm hardened steel shackle that offers excellent resistance to cutting and sawing, alongside dual locking levers. The padlocks are supplied keyed alike, with each individual padlock accompanied by 3 keys, making them highly convenient for everyday personal security needs.

Brand Profile

Master Lock

Master Lock is the classic American “padlock brand” - the one that’s been on job sites, school lockers, garage doors, and storage units for so long it’s basically part of the urban landscape. The company was founded in **1921** by locksmith-inventor **Harry Soref** in the Milwaukee area, built around his breakthrough **laminated steel padlock** design: strong, affordable, and mass-producible — the security industry’s equivalent of discovering fire, but with more rivets.

What they’re known for is broad “portable security” rather than door hardware:

- **Padlocks** (keyed, combination, weather-resistant, heavy-duty)
- **Lock boxes / key safes** (mechanical and Bluetooth variants for managed access)
- **Safes and security storage** (varies by market, often alongside their lockbox line)
- **Lockout/Tagout (LOTO)** safety products for industrial settings (a big part of their professional footprint)

Ownership / group: Master Lock is a subsidiary within **Fortune Brands Innovations’** security portfolio (the same broader group that also houses other security brands).
