Product Description

The Mul-T-Lock Break-Secure 3XP Pro Euro Double Cylinder is a high-security TS007 3-star lock designed to defend your home against the most common and aggressive forced entry methods. Built on the patented MTL300 platform, this cylinder features advanced anti-snap technology, including a sacrificial front section and a concealed cam that keeps the lock securely engaged even after a snapping attempt.

Engineered with a hardened steel body, a protective barrier plate, and telescopic pin technology, the 3XP Pro offers robust resistance against picking, bumping, and drilling. For ultimate peace of mind, it is Sold Secure SS312 Diamond certified and Secured by Design approved. Each cylinder comes with a unique magnetic key registration card, ensuring that duplicate keys can only be cut by authorised Mul-T-Lock dealers.

These cylinders are available in a wide variety of internal and external sizes to suit different door thicknesses. Please select your required cylinder size from the options below.

Technical Specifications

- **Certification:** TS007 3-Star, Sold Secure SS312 Diamond, Secured by Design approved
- **Standard:** Tested to BS EN 1303:2015
- **Security Platform:** Patented Mul-T-Lock MTL300
- **Cylinder Type:** Euro double cylinder (key entry from both sides)
- **Sizes Available:** Multiple internal and external size combinations (please select from the options below)
- **Key Control:** Patented key copy control with magnetic registration card

Key Features

- **Anti-Snap Protection:** Sacrificial front section and a concealed cam keep the core locked after a snap attempt
- **Enhanced Drill & Pick Resistance:** Features a hardened steel body, barrier plate, and telescopic pins

Brand Profile

Multlock

Mul-T-Lock (sometimes typed “Multlock”) is an Israeli high-security locking brand best known for **high-security cylinders, patented key systems, and mechanical + electromechanical access solutions** aimed at locksmiths, institutions, and commercial sites where key control and attack resistance actually matter.

- **Founded: 1973** in Israel (Mul-T-Lock states “founded in Israel in 1973”).
- **Ownership: Fully owned by ASSA ABLOY**; ASSA ABLOY completed the acquisition on **31 Jan 2000** (consolidated from 1 Feb 2000).

What it’s known for (the “why you’d stock it” bit)

- **High-security mechanical cylinders & keys** with strong key-control stories (patented platforms, restricted profiles, etc.).
- **Electromechanical upgrades** (turning “just a cylinder” into managed access) alongside classic mechanical master-keying for bigger sites.
- A big “locksmith channel” identity: Mul-T-Lock explicitly positions itself as a **locksmiths’ preferred partner**, with authorised centres and support tooling.

Tiny lore nugget

Their early growth story is tied to a “multi-directional / four-way” locking concept that helped launch the brand internationally, and later expansion into more advanced cylinder platforms.
